An institute for class 7th to 12th with Guarantee of Success in
Coding, NSO, IMO, NTSE, JEE (Main + Adv.), NEET

For class 7th, 8th, 9th and 10th Boards

From class 7th to 10th is very important for a student, this is the foundation time for student to do well in the future competitions.

Our main aim is to make the student interested in study (to get the knowledge) and to improve their thinking skill.

Key features:-

- (i) We teach each and every topic from zero level to final exam/board level in a systematic way
- (ii) If student have confusion in basic topics, we will also give you extra classes on that topic.
- (iii) After the completion of a topic upto school level / Board level, we go through Olympiad questions / NTSE questions (for class X) on that topic.
- (iv) We will give you one to two extra classes for Olympiad (NSO, IMO) / NTSE every week, totally free
- (v) We also give the lab facility for Physics, Chemistry, Biology to learn with experience (practical knowledge)
- (vi) We will also teach reasoning and G.K., which helps student to qualify Olympiad / NTSE exams and in future SSC exams / CAT exam.
- (vii) We will provide free coding class, in which student will be able to program in Python, C, C++, Java and also able to make Apps, because coding is essential for students in this era.
- (viii) Daily revision and doubt clearing of each and every student.
- (ix) Student can ask questions / doubts on WhatsApp any time.
- (x) After completion of a topic, we take two test on it. The first test is on school / Board level and 2nd is on Olympiad level.
- (xi) Free 20 hour demo class totally free.

Why Should you choose Triumph Educators?

1. First, we provide basic concepts of a topic then we will solve some basic problems (class 12 board level). Then, we teach some shortcut techniques (based on concepts) and we go through problems of the JEE (Main) / NEET / level exam. After that gradually we move on to JEE (Adv.) level. In this manner, students learn any topic with coziness without any burden, he/she will definitely grab the concepts and solve problems of any level.
2. 4-hour classes 4 days a week. If you have confusion at home, you can ask the question at any time on WhatsApp. Teachers are with you 24 hours.
3. Daily 30-40 questions are given to students as homework, everyday we will check their homework and clear the doubts of each and every students.
4. Every week there is a solo interactive class with a teacher for half an hour for every student, in which student can share his/her difficulties in the exam preparation and teachers will solve his/her difficulties
5. Every week there will be class test (Board + Main/NEET + Adv. level) taken on the topic taught on the previous day
6. Daily revision of learned topic, in the form of viva-voce.
7. Every month, there is PTM, to discuss the progress of the student with their parents/guardians.

Before taking admission, we are providing 30 HOURS FREE DEMO CLASS. In this demo class, we complete one topic of Physics, Chemistry, Mathematics / Biology upto JEE (Main) / NEET level.

Only after the demo classes, students will be able to solve Previous Year Questions of JEE (Main) / NEET on the taught topic. After 30-hour demo classes, we administer a test (at JEE (Main) / NEET level) and we assure you that you will be able to get more than 80 percent in it.

For class XI, XII, XII Pass (target)

For the First Time in the History of Education. A Coaching Institute Guarantees Your Success.

If you are dreaming of getting admission to NITs, IITs and Govt. Medical Colleges, you would no longer have to search tirelessly for coaching institute or good teacher in Patna. You need to reach out to TRIUMPH EDUCATORS. We are providing conceptual and strategical methods to solve the problems of Physics, Chemistry, Mathematics / Biology. We give you a GUARANTEE of success in JEE (Main) or NEET exam.

For guaranteed success, you have to enroll at our institute. If you learn from our well-qualified and experienced teachers, it is certain that you will crack the JEE (Adv.) exam or NEET exam.

At first, we teach basic and conceptual techniques to solve the problems of board's level to maximise your marks in class 12 Board exam, and then systematically, we will go through JEE (Main) / NEET level questions. After that, we will teach some deep concepts to solve brainstorming questions and JEE (Adv.) level questions. We also teach some shortcut Tricks and key concepts to solve the competition level questions in minimum time because time management is necessary for these exams.
